All the rush for nothing. Apologies. At the end of the e-mail is a revised schedule for this rulemaking. Note- that OAR is asking for expedited FAR. They are trying to get a proposal out before EPA has to answer the plaintiffs' brief on the litigation over the Wehrum memo. I think we need to have options selection and a final package before I can comment on expedited FAR.

Subject: UPDATE: MM2A Next Steps and Request for Expedited FAR

All,

The OS meeting was moved to 10/11/18. Below are the changes to our plan moving forward.

Please call me or email me if you have any questions.

1. Option Selection (OS) is scheduled for 10/11 @ 11Am (EST).
2. The materials for OS are undergoing review here in OAQPS. I will send you an email with the link to the final version of the materials ASAP.
3. You can find all the pre-OS materials in the WG SP site Briefing Materials Folder:
https://usepa.sharepoint.com/:f:/r/sites/OAR_Custom/MM2A/Shared%20Documents/Briefing%20Materials?csf=1
4. Here is the updated schedule.

Milestone	Timeline
Option Selection	October 11, 2018; 11AM
Package to WG for Final Agency Review	October 22, 2018
Final Agency Review Meeting	November 6, 2018
Package Review – OAR	November 16, 2018
Package Review – OP	November 30, 2018

5. Because of our compressed schedule, we need to request your concurrence for an expedited FAR.
 - We believe an expedited review is possible since the WG had the opportunity to review a draft of the preamble in August 2018. OAR discussed the edits and comments received from the initial review in September with the WG and is currently addressing the remaining issues. A copy of the latest version of the preamble (V11_post 1st round of WG review) can be found in the WG SP site.
